## Before the Interview

1. **Research the school.** Learn as much as you can about the school's history, mission, and academic programs. This will help you answer questions intelligently and show that you're genuinely interested in attending.
2. **Practice your answers.** Think about common interview questions and prepare your answers ahead of time. This will help you feel more

confident and articulate during the interview.

3. **Dress professionally.** First impressions matter, so make sure you dress appropriately for your interview. This means wearing clean, pressed clothes that are appropriate for the school's dress code.
4. **Be on time.** Punctuality is important, so make sure you arrive for your interview on time. If you're running late, call or email the admissions office to let them know.

### **During the Interview**

1. **Be yourself.** Admissions officers want to get to know the real you, so don't try to be someone you're not. Be honest and authentic in your answers.
2. **Be enthusiastic.** Show the interviewer that you're excited about the prospect of attending their school. Talk about your academic interests, extracurricular activities, and career goals.
3. **Ask questions.** Asking questions shows that you're engaged and interested in the school. It also gives you a chance to learn more about the school and its programs.
4. **Follow up.** After the interview, send a thank-you note to the interviewer. This is a great way to reiterate your interest in the school and show your appreciation for their time.

### **After the Interview**

1. **Reflect on the interview.** Take some time to think about how the interview went. What went well? What could you have done better? This will help you improve your interviewing skills for future interviews.

2. **Stay positive.** Even if you don't get into your dream school, don't give up. There are many other great schools out there. Keep working hard and don't let one setback discourage you.

College interviews are an important part of the admissions process. By following these tips, you can ace your interview and increase your chances of getting into your dream school.
