In David Shapiro's powerful and thought-provoking novel, *Metropolis*, we are taken to a future where the city has become a vast, sprawling metropolis, and the government has become a totalitarian regime that controls every aspect of life.

Our protagonist, John, is a young man who has grown up in this oppressive society. He has never known anything else, and he has always accepted the government's rule as a fact of life. But when he meets a woman named Mary, who has escaped from the city, he begins to question everything he has ever known.

Mary tells John about a world outside the city, a world where people are free to live their own lives. John is intrigued by this idea, and he begins to dream of a better future. But the government is watching him, and they will do anything to stop him from spreading Mary's message.

Metropolis is a gripping and suspenseful novel that will keep you on the edge of your seat from beginning to end. It is a powerful reminder of the dangers of unchecked power and the importance of individual freedom.
