The Lean Turnaround Action Guide is a step-by-step playbook for transforming your business. It provides a proven framework for identifying and addressing the root causes of underperformance, and for implementing sustainable improvements that will drive growth and profitability.

The Lean Turnaround Action Guide is based on the principles of Lean management, which is a proven approach to improving efficiency and

productivity. Lean management has been used successfully by businesses of all sizes, including Toyota, General Electric, and Our Book Library.

The Lean Turnaround Action Guide is written by Bob Emiliani, a leading expert on Lean management. Bob has over 30 years of experience helping businesses improve their performance, and he has a proven track record of success.

If you're ready to turn around your underperforming business, then the Lean Turnaround Action Guide is the book for you. It will provide you with the tools and knowledge you need to identify and address the root causes of underperformance, and to implement sustainable improvements that will drive growth and profitability.

What's inside the Lean Turnaround Action Guide?

The Lean Turnaround Action Guide is divided into three parts:

- **Part 1: Assessment**
- **Part 2: Planning**
- **Part 3: Implementation**

Part 1: Assessment

In Part 1, you will learn how to assess the current state of your business and identify the root causes of underperformance. You will also learn how to develop a vision for the future of your business and create a roadmap for achieving your goals.

Part 2: Planning

In Part 2, you will learn how to develop a detailed plan for turning around your business. You will also learn how to create a budget and timeline for your turnaround plan, and how to communicate your plan to your employees.

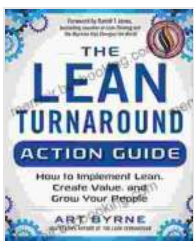

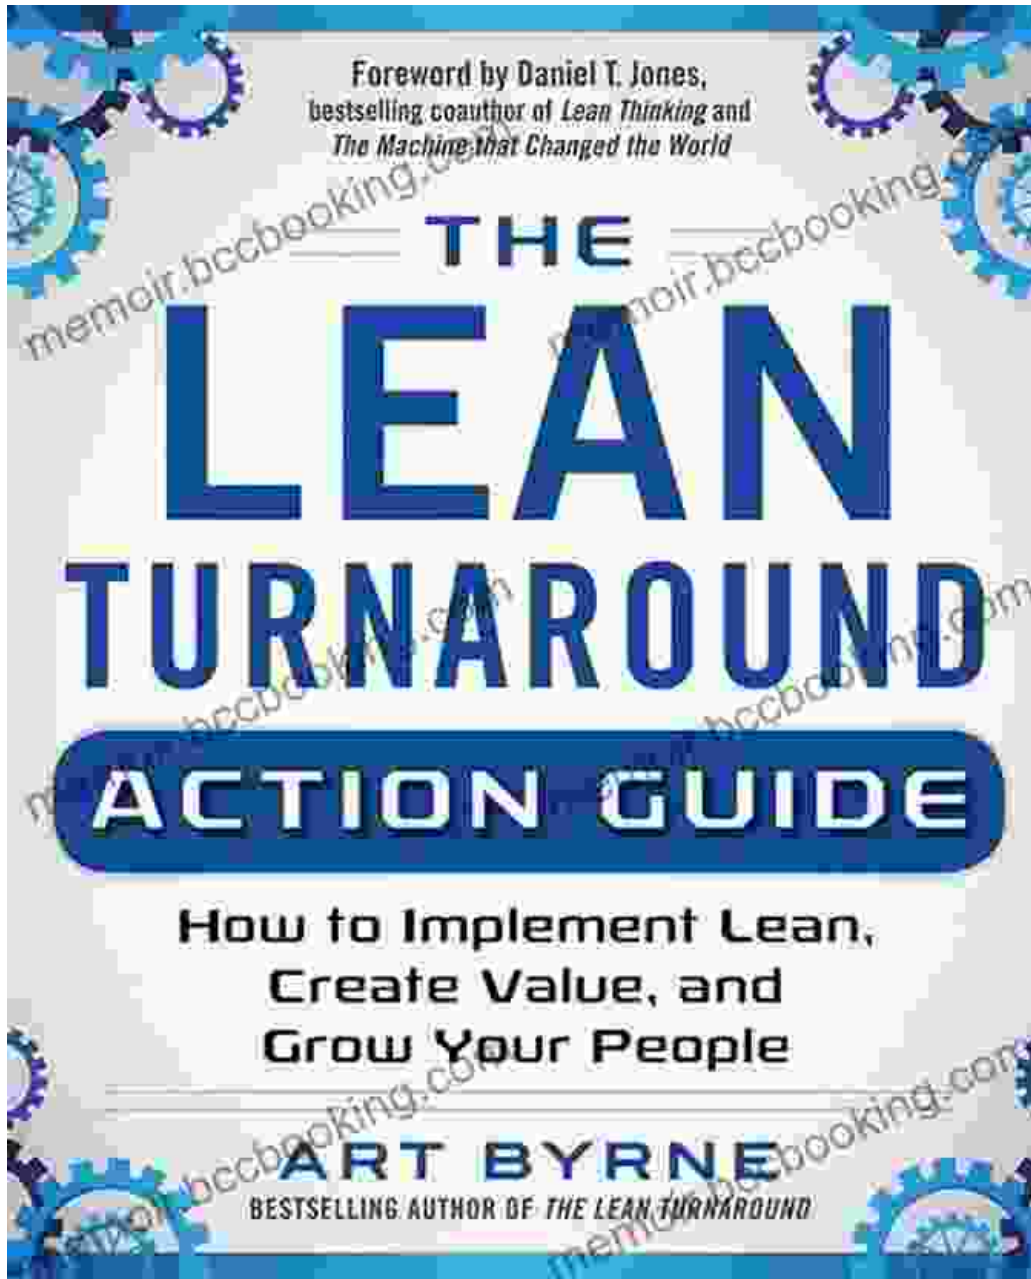

Part 3: Implementation

In Part 3, you will learn how to implement your turnaround plan and make it a success. You will also learn how to monitor your progress and make adjustments as needed.

The Lean Turnaround Action Guide is the perfect book for any business leader who is serious about turning around their underperforming business. It provides a proven framework for identifying and addressing the root causes of underperformance, and for implementing sustainable improvements that will drive growth and profitability.
