This book is written by a team of experts, including pediatricians, nurses, and child development specialists. It's packed with practical advice and tips that will help you raise a healthy and happy child.

What's Inside

This book is divided into five sections, each covering a different stage of your child's development:

1. **Birth to 12 Months:** This section covers everything from newborn care to feeding and sleep.
2. **12 to 24 Months:** This section covers toddlerhood, including toilet training and language development.
3. **2 to 3 Years:** This section covers the preschool years, including socialization and discipline.
4. **3 to 4 Years:** This section covers the preschool years, including preparing for kindergarten and emotional development.
5. **4 to 5 Years:** This section covers the transition to kindergarten and beyond, including school readiness and social skills.

Each section is packed with practical advice and tips that will help you raise a healthy and happy child.

Why You Need This Book

If you're a new parent, or if you're just looking for a refresher on parenting, this book is for you. It's the most comprehensive guide to parenting from birth to age 5 available, and it's packed with practical advice and tips that you can use right away.
